

Colourful Care

Bright, colourful and confident. A step-by-step guide for a look that lets eyes and lips shine with radiant care.

Start by applying the appropriate Dr. Hauschka **Foundation** for your skin tone. If necessary, also apply some **Concealer**. Apply **Compact Powder** to fix your make-up base and reapply whenever a touch-up is required. Use the **Eye & Brow Palette** to accentuate the eyebrows.

1. Apply the lightest shade of **Eyeshadow Trio 02 jade** to the entire upper eyelid as far as the eyebrow.

2. Then apply the darkest shade of **Eyeshadow Trio 02 jade** to the outer corner of the eye, the upper lid crease and the edge of the lower lid.

3. Finally, apply the middle, green shade of **Eyeshadow Trio 02 jade** to the centre of the upper lid, as far as the crease.

4. Line the upper eyelid with **Eye Definer 04 green**. Dab some more of the green shade of **Eyeshadow Trio 02 jade** over the top of the Eye Definer for longer wearability.

5. Apply **Defining Mascara 01 black** to the upper and lower eyelashes as a base coat. Then apply **Volume Mascara 03 plum** to the upper lashes only.

6. Trace the lip contour with **Lip Liner 02 red heart**.

7. Use the lip brush to carefully fill in the lips with **Lipstick 12 paeony**. Highlight the colour by applying **Lip Gloss 04 goji** to the entire lip.
